Dear Friend,

To \_\_\_\_\_

For those of you who are not familiar with our organization, The Everett Eagles and Everett Huskies have combined both organizations to make one football and cheer organization called The Everett Crimson Tide Pop Warner! The cost to start this league was just about \$ 90,000.00 that was used to replenish football equipment, cheer uniforms, participant's scholarships, conference fees, Referees, liability insurance, Emergency Medical Tech and the use of the cities facilities for practice.

I would like to thank you all for your past support in our never-ending journey to raise money for the kids of Everett Pop Warner.

This year we have two cheering squads and two football teams entering their goal to get to Florida for their shot at the National Title. These kids need a chance to reach their dreams to become National Champions. The cost is high and this year and we have been met with some financial struggles, we are afraid we might fall short of our goal. I have been involved in Pop Warner for many years and this season it just seems harder than in the past, I know it's hard for all to donate, but we need help. These kids mean a lot to myself, the board of directors and the city of Everett, but our strong efforts seem to be coming up short of our goal for these kids.

So again, I come to you with an open heart and open hand. If you could help us out it would be greatly appreciated. Again, these kids are our future, and this could be a once in a lifetime shot for some of these kids to experience something really special. So please, we really need your help.

We thank you and our children thank you for considering us for a donation for this most worthy cause.

Please make all checks payable to Everett Crimson Tide Pop Warner

Brian Dimond
